Subject: CERAWEEK SPEAKER Prep Call: Dr. Daniel Yergin and Scott

Pruitt

Importance: High Dear Aaron

I hope this email finds you well – and Congrats!

We are very excited that Mr. Pruitt has accepted our invitation to join us at CERAWeek! I am the executive assistant and scheduler for Dr. Daniel Yergin, the Chairman and Founder of CERAWeek. Dr. Yergin reaches out to all the plenary speakers in advance to review their sessions, the program and Q&A. Also, it provides time for the speakers and/or their handlers to become familiar with the program and it's setup while at the same time answer any queries. Therefore, I

am in search of a time amenable on your schedule to do a prep conference call tomorrow.

Could you please check your schedule and let me know what's available? Dr. Yergin has a full day, but we can do 2:00-3:00 or 3:00-4:00p, or even between 4:00-5:00p if that works for you. We're literally down to the wire before kick-off, and hope we can be introduced over the phone, and prepare him for the session ahead. In addition, please provide the names/email addresses for all who will participate on the call from your end so they will be included on the email invite. Dr. Yergin only needs about 30 minutes of Mr. Pruitt's time, or that of his staff, but I am setting aside as much as an hour to accommodate if the extra time is needed.

Accompanying Dr. Yergin from our office will be Elena Pravettoni, Senior Economist; and Libby Tillemann-Dick, Research Manager. Once a time is confirmed, I will send out the invite with call-in details. I look forward to hearing from you soon.

Best regards,

Freda Amar

Subject: Re: Brief Meeting Today 3/7 or Tomorrow AM 3/8

Good afternoon, Ms. Dravis.

I just spoke with Mona (sp?) in your office and wanted to follow up to see if you had 10 (or less) minutes to meet with Pete today or tmrw morning regarding the attached memo.

Pete flies out tomorrow (Wed 3/8) afternoon and is available anytime prior to then that may work for you $\frac{1}{2} \left(\frac{1}{2} \right) = \frac{1}{2} \left(\frac{1}{2} \right) \left($

Thanks and looking forward to hearing from you!

Will do and thanks, Michelle.

Is there a chance to have a brief mtg (or brief telephone call) with you or one of your deputies to put an issue on the radar screen re EPA?

I will send a 1 pager before close of business tomorrow re the topic.

Thanks and will get details re April 3/4.

Great to hear from you Samantha. Anthony and I just talked this morning with OMB staff about this and would be more than happy to discuss. Also, just FYI, I sent an email to Ryan this morning suggesting Anthony and I come over for a "meet and greet" later this week or next week. You (and Brittany, if it is next week) would be particularly important folks to meet.

Hi Ms. Dravis!

Hope you are doing well. I have a couple things for you:

1. Attached is document Pete Regan provided when you met at EPA on Tuesday, March 7. Pete would like to know if you have time for a brief (5-10 mins) phone call in the next couple days in regards to the memo.

2. General Pruitt is joining DEPA for a small reception next Monday, April 3 at 5:30pm, and we would love for you to come by if your schedule permits. We are confirming location today and I will share as soon as we do so!

Thank you so much for your time and I look forward to being in touch. Respectfully, Regan Robertson

Subject: Canadian Energy

Ryan,

I wanted to ask for your advice on whether a meeting with the Administrator or his senior staff might be possible to talk about North American energy integration and streamlining environmental reviews for cross border energy projects. The meeting would be on either April 4 or 5 with a client who is a leader in the oil sands region of Alberta. As the Trump Administration and the Congress rethink the US energy policy, I know integration of North American energy, including the role of Canadian oil in helping to meet domestic needs and the role of pipelines like KXL is again be on the agenda. Although KXL finally is on track for approval, there remain many regulatory issues involved and likely other pipelines issues in the future raising issues to consider. We represent a group of Canadian oil companies that are drilling for oil in Alberta. Bill McCaffrey, the CEO of MEG Energy and the leading force behind our client, the In situ Oil Sands Alliance (IOSA), will be in DC for meetings on April 4 and 5 and I was hoping to schedule time with you or someone you might recommend at EPA to discuss next steps

toward better integration and North American energy independence. MEG and IOSA have done some pioneering work in the in situ process which is estimated to represent 80% of the available Canadian oil sands resource. A little biographically information about Bill can be found here which summarizes an award he recently received for his dynamic leadership in energy issues including innovative development and transport of the resource. I also expect a few other executives from MEG and/or IOSA on the trip.

Topic: energy and regulatory files between the US and Canada – specifically CCS (carbon capture and sequestration) and reducing regulatory burdens on fossil fuel producers in Canada and the US. Premier Wall is fighting for the continued use of coal in Canada, against a carbon tax and against stringent methane regulations from oil and gas production. Saskatchewan is home to the Boundary Dam III project which is a retrofit of a 115 MW coal fired power plant with carbon capture and sequestration, and in 2014 became the world's first commercial post combustion CCS plant. Saskatchewan is also the 3rdlargest coal producer in Canada, the second largest oil producer in Canada and third largest natural gas producer

Subject: Arconic/CAFE meeting request

Hi Brittany, I don't think we ever met when we were on the Hill, but I worked for Cornyn for a long time until I decided to headed to the swamp. Ryan gave me your name and said you were working CAFE issues. We represent Arconic (they spun off from Alcoa) which manufactures aluminum parts for the automotive industry. They are a \$12.5 billion company with 23,000 employees across the United States. They are very interested in the CAFE way forward and wanted to come in and give someone their input as major a supplier to the auto industry. Could I bother you for a meeting on Thursday, April 6? I would be happy to work around your schedule. It would be me and a represenative from Arconic. Thanks for your consideration. Russ

Location The Mayflower

Show Time As Busy

Requesting Office: Office of Policy

Title of the Meeting: Meet and Greet of State Commissioners on EPA Lean Action Board

Purpose: Introduce the state members of Lean Action Board (LAB), a group of senior EPA and state officials working collaboratively to eliminate waste and increase productivity in our environmental programs, to the Administrator. The LAB consists of 7 EPA SES members and the directors of two state (AZ, KS) environmental agencies. State LAB members will provide an overview of Lean activities and results at EPA and with its state partners, and describe how Lean is making a difference in how EPA manages our people and programs.

Role of the Administrator: This would be a quick meet and greet before or at the end of his stay at ECOS. It would not require a room and could be done in a discrete location of the lobby.

Background: Commissioned in 2015, the LAB brings together EPA and state environmental leaders to advance the practice of Lean and to foster a continuous improvement culture within EPA and states. During 2016 the LAB focused on identifying Lean projects with transferable solutions and is working with EPA and state partners to share successful results with other states and regions with similar processes in need of improvement.

Last possible date for the meeting: The state members of the LAB would appreciate the opportunity to meet with the Administrator at the Mayflower before or after his Keynote at the ECOS on April 7, 2017. The state members are Misael Cabrera (AZ) and John Mitchell (KS), who both are attending the ECOS meeting.

Subject: RE: Following Up on EEI Board Meeting

Good morning Samantha. Recognizing that the overall situation at the agency remains fluid and a beehive of activity, I nonetheless trust that you are easing in and fully in control!

We've been communicating regularly with OG&E's Sean Trauschke, who in turn spoke recently with Ryan about scheduling a meeting between the Administrator and EEI's environmental leadership CEOs. We'll work directly with Ryan on the specifics of that session. In the interim, however, these same CEOs are requesting that EEI assemble a small group of their senior company staff to come in and meet with you and your colleagues. From our perspective, this session would focus on key substantive and process (e.g., permitting and siting) issues, as well as the general EPA institutional landscape. When you get a moment, could you call me to discuss this item?

Thanks again for your past courtesies and I look forward to speaking with you soon. Best, Quin

Subject: Follow up -- Request for Meeting - Biodiesel

Brittany,

Hope you are well.

Trying to set up a meeting with your team for next week on biodiesel issues related to the RFS.

Any chance we can catch up with your team for a few minutes on Thursday the 13th or Friday the 14th?

I will have at least three biodiesel CEO's in town at that time and would like to stop by for a short introduction.

Very much appreciated.

Thank you.

Ryan,

This is a follow up from last week and clearly you are extremely busy.

Is there any chance we could meet with you or someone on your team to discuss biodiesel issues and the renewable fuels program.

We will be brief and precise – we would like an opportunity to visit about the upcoming rulemaking process.

Thank you.

Subject: Request for Meeting - Biodiesel

Ryan,

Larry Schafer here with Playmaker Strategies, we represent a handful of companies that produce over 300 million gallons of biodiesel.

Our clients, Gene Gebolys from World Energy and Scott Lewis from Biox will be in Washington DC on Thursday, April 13 and Friday, April 14.

Mr. Gebolys and Mr. Lewis run well-established biodiesel companies -combined these two companies have plants in five states and Canada (Texas, Mississippi, Georgia, Pennsylvania, Massachusetts and

Ontario)

We would like to bring them by for a short meeting to discuss the 2018 Renewable Fuels Standards (RFS) and specifically the Advanced Biofuels part of that program.

Might you have a few minutes to meet on either of those days?

Please let us know. Thank you.

We can be reached by email at Lschafer@playmakerstrategies.com <mailto:Lschafer@playmakerstrategies.com> or telephone at 202.997.8072.

Landfill Air Rules Summary.docx

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Dear Ms. Dravis and Mr. Sugiyama:

At the suggestion of Al Collins of Occidental Petroleum (Oxy), who met with you last week and now sings your praises, I am writing to request a meeting with you at your earliest convenience to discuss a set of rules promulgated by EPA pursuant to Section 111 (b) and (d) of the Clean Air Act that impose revised performance standards for both new and existing municipal solid waste (MSW) landfills. The regulations were promulgated as part of President Obama's Climate Action Plan: Strategy to Reduce Methane Emissions.

Waste Management, along with Republic Services, the National Waste & Recycling Association and the Solid Waste Association of North America (associations representing both public and private organizations and professionals) identified a number of substantial issues of law and policy with the new rules, including overlap and conflict with existing rules governing the same landfill sources. We have asked EPA to stay, reconsider and revise the two climate-related rules. We petitioners have also challenged the new rules in the U.S. Court of Appeals for the D.C. Circuit.

The landfill rules share similarities with other regulations that EPA may reevaluate, including the Clean Power Plan and Oil & Gas Rules:

* The new rule for existing landfills relies on the same Section 111(d) authority for which the Clean Power Plan has been criticized; and * The cost/benefit analyses underpinning the more stringent performance standards in the rules rely heavily on the "social cost of methane," which is derived from the "social cost of carbon."

Should the Agency decide to rethink those elements in other rules, we believe it would be advisable to reconsider the landfill rules as well. Although we petitioners are prepared to move forward with the judicial challenge, we believe a reconsideration of the rules could lead to a better outcome without the need for litigation. While rule revisions are our ultimate goal, an administrative stay of the rules under the Administrative Procedures Act is critical to avoid forcing the regulated community and the states to begin implementing these flawed rules. Many states are already engaged in developing their mandated state plans for implementation, which are due to the EPA by May 30, so our request for a meeting is time-critical.

I am attaching a recent letter we petitioners sent to EPA prior to Administrator Pruitt's confirmation. It includes our somewhat lengthy administrative petitions. I would be happy to follow-up next week by phone to identify a convenient time on your doubtless busy schedules. Several participants will be coming from out of town, including a former colleague of Mr. Sugiyama, Mack McGuffey of Troutman Sanders, but we can be flexible in accommodating your schedules.

Thank you in advance, and I very much look forward to meeting you.

This is an AA-level briefing under the Action Development Process. Participating offices may delegate participation to a senior manager below the AA-level. Following the conclusion of the public comment periods, the workgroup should consider any public comments received and determine which, if any, present substantive issues that may impact the development of the final rules. The OCSPP AA is expected to provide direction about the development of the final rules (including rulemaking decisions) in consultation with other senior managers, but the direction and decisions may be announced after the meeting if circumstances warrant.

Points of Contact for Meeting Materials

* Prioritization rule (SAN 5943)

o Ryan Schmit, 564-0610

* Risk Evaluation rule (SAN 5947)

o Susanna Blair, 564-4371

Subject: RE: Question and Meeting Request -Edward G. Hild

Hi Robin – thank you so much for the response on behalf of Samantha. I will take the 3:00 PM slot. Likely joining me will be two colleagues from Buchanan – Robert Shuster and Terry Heubert and Pam Witmer the V.P. for Government Relations at UGI Energy Services. Thanks and again for your assistance and patience, as I recently left the Senate after 20 years and am just adjusting to life downtown. Ed

<mailto:dravis.samantha@epa.gov>> Subject: Question and Meeting Request

Hi Samantha – I hope this note finds you well. By way of quick background, I most recently served as Senator Murkowski's Chief of Staff and for a number of years before that with Senator Domenici. A couple of questions: 1) does the EPA maintain involvement in the state permitting process for natural gas pipelines when EPA has delegated administration of the federal 404 program – a client is asking and if so would a meeting with the right staff/staffers be appropriate, if you are not the correct person? 2) could you please direct me to the appropriate person for a meeting on the North American Emission Control Area for Marine Vessels on behalf of a different client. Thank you for your time and indulgence. I look forward to hearing from you. Ed

Agenda

10:00 – 11 AM Methylene Chloride and N-Methylpyrrolidone; Regulation of Certain Uses Under TSCA Section 6(a)

Niva Kramek, Existing Chemicals Branch, Chemical Control Division, Office of Pollution Prevention and Toxics, EPA

11:00 – 12 PM Discussion: New Regulatory Reform Agenda (E.O. 13771 and E.O. 13777)

Roundtable meetings are open to all interested persons, with the exception of the press, in order to facilitate open and frank discussion about the impacts of Federal regulatory activities on small entities. Agendas and presentations are available to all, including the press. Anyone who wants to receive roundtable agendas or presentations, or to be included in the distribution list, should forward such requests to kevin.bromberg@sba.gov <mailto:kevin.bromberg@sba.gov>. The purpose of these Roundtable meetings is to exchange opinions, facts and information and to obtain the attendees' individual views and opinions regarding small business concerns. The meetings are not intended to achieve or communicate any consensus positions of the attendees.

Small Business Environmental Roundtable Issues for Discussion April 7, 2017

Methylene Chloride and N-Methylpyrrolidone; Regulation of Certain Uses Under TSCA Section 6(a)

On January 19, 2017 EPA published a Toxic Substance Control Act (TSCA) Section 6(a) proposed rule to regulate certain uses of methylene chloride and n-methylpyrrolidone (NMP). EPA proposed a determination of unreasonable risk for methylene chloride and NMP use in paint and coating removal. The proposal includes a prohibition on the manufacture (including import), processing, and distribution in commerce for consumer and commercial uses for both chemicals. The proposed rule also includes a prohibition for these commercial uses of both chemicals, including downstream notification and recordkeeping requirements. The agency's proposal provides a ten-year limited exemption for coating removal uses of both chemicals critical for national security and an exemption for methylene chloride use in commercial furniture refinishing. The agency has also provided an alternate proposal to regulate NMP, which includes a requirement to establish a worker protection program for commercial use and a limit of 35 percent NMP for processors of paint and coating removal products.

EPA has prepared an initial regulatory flexibility analysis under the Regulatory Flexibility Act, examining the impacts of the proposed rule on small entities. EPA also convened a SBREFA panel to consider the impacts of the proposed changes on small entities in 2016; the panel report is in the docket. The comment deadline for the proposed rulemaking is April 19, 2017.

New Regulatory Reform Agenda

As indicated on the agenda, for the second hour, we plan on discussing the new regulatory reform agenda emanating from Executive Order 13771 (Reducing Regulations and Controlling Regulatory Costs, i.e., "1 in 2 out"), Executive Order 13777 (Enforcing the Regulatory Reform Agenda), and other White House directives.

We are particularly interested in hearing from you about which regulations you think should be prioritized for review and reform.

The Office of Advocacy invites all small businesses and their representatives to present their perspectives as well. To reserve a spot on the agenda, please contact Tabby Waqar at twaqar@sba.gov <mailto:twaqar@sba.gov>.

Request:

I represent APS, the operator of the Four Corners Power Plan located on the Navajo Nation. We would like to discuss with you a federal implementation plan finalized in early January that affects the plant. We are preparing materials on the FIP; in short, APS is concerned with certain monitoring requirements that restrict plant operations without providing environmental benefits. APS believes there are more effective and less burdensome monitoring options available. I would appreciate the chance to speak with you about the FIP, which has not yet been published in the federal register.

Request: I am writing today on behalf of Northwest Public Power Association (NWPPA)'s Executive Director Anita Decker. Anita will be in Washington D, C. from Washington state on April 25-26, 2017. She would like to meet with Administrator Pruitt, you or other political appointees who are assigned to work on electric utility issues of interest to NWPPA.

NWPPA is an electric utility association in the Pacific Northwest representing 151 hydroelectric, nuclear power and natural gas electric utilities (municipal and electric coops) affected by EPA regulations including some that are going to be revisited under recent Executive Orders. Their membership involves many electric utilities (municipal and coop) that would be affected by EPA regulations across several states in the Northwest—not just those in Washington state.

NWPPA's member utilities serve 20 million customers making it one of the largest electric utility organizations in the western part of the United States.

They are interested in the following:

- * Waters of the US next steps (realizing it has been addressed in the Executive Order)
- * Clean Power Plan review and replacement (they are aware of the Executive Order action last week)
- * General EPA priorities related to the electric power sector

A link to the NWPPA organization is https://www.nwppa.org/about-nwppa/ https://www.nwppa.org/about-nwppa/ and board information at https://www.nwppa.org/about-nwppa/nwppa-board-of-trustees/ https://www.nwppa.org/about-nwppa/nwppa-board-of-trustees/

Request: We represent a golf coalition you may be familiar with called We Are Golf (WAG). The coalition was formed in 2008 with the express purpose of giving decision-makers in Washington a more accurate picture of the golf industry and the game of golf in general. Negative assumptions about who plays, where they play etc. and a lack of recognition about how many jobs golf provides and the nature of those jobs had lead to punitive singling out of golf in policymaking and legislation. Apart from clearing the air on those fronts, WAG has also invested a lot of the coalition's efforts in advocating around environmental issues. It's that set of issues we of course would love to talk about with Administrator Pruitt and your appropriate EPA colleagues.

The golf industry has made huge strides in recent years when it comes to sustainable management of the two million acres of open space golf course land and water we have in this country. We have a great story to tell about huge steps we have taken forward to improve water quality and use, energy savings, pollution reduction and creation and protection of high quality fish and wildlife habitat. We want to stay on this trajectory and firmly believe we can continue to improve golf property stewardship to provide broad public benefits. In recent years, federal policies have unfortunately represented drags on our ability to do this. The golf industry is very excited about starting some fresh conversations with this administration and we'd like to start at EPA with your boss. WAG is eager to work with an administration that will have an interest in pausing to think through how any new policies or enforcement of existing policies will impact the golf industry's ability to increase the environmental value of golf.

Subject: Regulatory Reform and Other Items

Brittany,

I read that one of your assignments is the regulatory reform task force. Consequently, I wanted to reach out on some issues of concern. I've attached an email that I sent to Ryan Jackson that raises several issues that we would like to discuss. (Separately, we are trying to arrange a meeting for Barry Russell, IPAA's President and CEO with Administrator Pruitt through Sydney Hupp.)

Obviously, events are moving quickly. I know that the Administration filed an abeyance petition on the Subpart OOOOa litigation today. There is an issue there that is related that I'd like to call to your attention. The Subpart OOOOa fugitive emissions program — with its costly Leak Detection and Repair (LDAR) requirements — is scheduled

to take effect on June 3. It would be helpful if this requirement, at least, could be stayed while the Subpart OOOO and OOOOa requirements are being reconsidered since a different approach might be developed. I know there are other provisions that are already in effect that raise similar issues.

I also spoke with Dave Rostker from the SBA Advocacy office regarding LDAR in a small business context where the issues arises in both the Subpart OOOOa and VOC Control Techniques Guidelines context. He suggested reaching out to EPA as well.

Hopefully, we can discuss these issues soon given your schedule.

Thanks for your consideration,

Lee Fuller

Subject: IPAA Issues at EPA; Possible Meeting

Ryan,

I'm reaching out to you but would be happy if you point me to a preferred contact person.

After the recent Energy Executive Order, IPAA would like to discuss a number of pending issues with EPA.

Barry Russell, IPAA's President and CEO, would like to meet with Administrator Pruitt to introduce himself and IPAA. Barry worked for EPA in the 1970s before coming to IPAA.

The issues that we'd like to discuss relate to several matters.

First, EPA's actions in response to the Energy EO with regard to the methane NSPS (Subparts OOOO and OOOOa) are most important to IPAA. While currently engaged in the litigation opposing the regulations, the pathway to reconsideration and possible revision is critical. IPAA wants to be involved as soon as possible and wants to offer its cooperation.

Second, IPAA strongly supports efforts to expand and enhance delegation of regulatory authority to states. We are looking for options to be helpful in identifying pathways, working with our state cooperating associations to encourage state actions and working with Congress if there are barriers that need to be addressed.

Additionally, following are several other items – mostly directly affecting independent oil and natural gas producers – that we would like to identify as issues that we would hope EPA could address:

1. Control Techniques Guidelines (CTG) – As a part of the Energy Executive Order, EPA is directed to reconsider the oil and natural gas methane New Source Performance Standard (NSPS) – Subparts OOOO

and OOOOa. When the Obama Administration proposed the NSPS, it also proposed a CTG for existing sources of Volatile Organic Compounds (VOC) in Ozone nonattainment areas. The CTG was finalized in October 2016. It should be suspended or withdrawn until the NSPS issues are resolved and determinations can be made on the appropriateness of the technology being applied to existing sources. Otherwise, the CTG will be applicable in future State Implementation Plans (SIP).

- 2. RCRA Subtitle D Consent Decree EPA agreed to a Consent Decree to settle litigation regarding mandatory duties under RCRA Subtitle D related to making determinations regarding the appropriateness of state oil and natural gas production wastes regulations. EPA has until March 2019 to respond but it should act quickly for two reasons. First, EPA's mandate to act does not require an extensive burden and the longer it takes to act, the more state programs appear to be viewed as inadequate. Second, the mandatory duties require action every three years. Action in 2017 would allow EPA to reconfirm its position in 2020 and establish a clear practice for the future.
- 3. Unconventional Oil and Gas (UOG) Extraction Effluent Limitations Guidelines (ELG) EPA finalized UOG Extraction ELG for discharges to Publicly Owned Treatment Works (POTW) in June 2016. These ELG should be based on a technology standard Best Available Technology Economically Achievable (BATEA). EPA concluded that all discharges to POTW should be prohibited based on the availability of underground injection wells and of recycling options. Neither of these are BATEA. EPA should not be making zero discharge determinations based on its perception of other options. It should determine BATEA requirements. If the BATEA requirements are too expensive, it should be the dischargers' choice to use alternative approaches.
- 4. Clean Air Act Enforcement Tactics Over the past several years, EPA's Enforcement tactics have been excessively aggressive. For example, in North Dakota where the state did not have delegation of the NSPS program for oil and natural gas production, EPA Enforcement initiated direct actions against producers with regard to its interpretation of Subpart OOOO requirements for storage vessels. This interpretation differed from those EPA technical staff had initially indicated. Using its enforcement power, EPA filed proposed penalties against a privately held producer that exceeded the value of its assets. The purpose was clear and predictable. EPA wanted to use its enforcement power to compel a limited asset company to enter into a consent agreement that would require actions that met Enforcement's interpretation of the regulation and to commit to additional actions that were beyond EPA Clean Air Act authority to require. Not only did EPA use a gap in state delegation to step over North Dakota in its zeal, but these types of enforcement tactics reflect poorly on EPA and the federal government and should be ended.
- 5. Ozone National Ambient Air Quality Standards (NAAQS) Revisions The 2014 revision to the Ozone NAAQS should be reconsidered. Implementation of the 2008 revision to the Ozone NAAQS had yet to be implemented and evaluated when the 2014 revision was finalized. NAAQS attainment should be the target, not promulgating new, unachievable revisions. EPA's own data showed that the same areas it projected to fail to attain the 2008 NAAQS would fail to meet the 2014 revision. In those areas, the regulatory requirements would not

change but the 2014 revision would bring new areas into nonattainment regulation. Even though EPA predicted those new areas would reach the 2014 NAAQS without additional local controls, those areas would be subject to new source permitting requirements that hamper their economic development. Where there is no compelling health benefit from a NAAQS revision – like the 2014 action – EPA should devote resources to attainment of the prior standard.

Thanks for considering this request. Please let me know how to proceed from here.

L COUNTY DEMONITARINGS

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Meeting proposal: ENERGY STAR is moving a specification on clothes washers, which we oppose. It is critical that I ensure you are aware of what is going on and hopefully stop this action until we can talk in more detail. While this is an urgent matter, it is also very important to discuss the ENERGY STAR program broadly. At a high level, we support its moving back to DOE for our products and have discussed this with the DOE beachhead team. We have CEOs and other senior executives from the entire industry meeting in DC for our Annual Meeting from April 29-May 2. It would be very helpful if we could discuss our issues with you before that. Any time from Tuesday, April 25, to Friday, April 28 would be ideal.

Discussion Topics:

SNAP Rule Allowing Isobutane (EPA-HQ-OAR-2009-0286) & Rule 21 (bans HFCs for refrigerators in 2021) Microfibers (Trash-Free Waters) Material Management/Landfill Diversion/Food Waste Disposers Safe Drink Water TSCA Reform Support Counterfeit Water Filters

Hello OGC:

Anyone connecting to the OGC ALL Hands via Adobe Connect (link below) should not call into the 866 audio conference call in number to avoid sound feedback problems.

We would like to be able to see our remote and teleworking OGC staff on the screen via Adobe Connect, so please turn on your videocameras for this meeting.

http://epawebconferencing.acms.com/ogcallhands0504 2017/ http://epawebconferencing.acms.com/ogcallhands0504 2017/

OGC Colleagues: The Quarterly All Hands meeting will not be in room 1153 WJC East due to the unavailability of video-teleconference or data connections there due to the renovations of the room. However, we will stick to the May 4 date to give our invited guests time to prepare and certainty on all of our calendars.

We look forward to introducing our new Deputy General Counsels, as well as, other members of the Administrator's Office team. Also, remember if you have any questions you would like addressed by the OGC management team, but are uncomfortable raising them publicly, you should feel free to place them in the OGC suggestion box located in the 7th Floor large pantry. Thank you.

Regions: Please inform RTP on which room you will be using if connecting via video. Thank you.

Subject Meeting with Noble Energy **Location** DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: I would like very much to meet with you soon regarding a few ideas we have regarding air quality reform. I have a long (I am old) history on these issues from an oil and gas industry perspective, as well as State (CO) and Federal (EPA Hdqtrs and Region 8) roles. Noble is solution-oriented and would like to bring a few ideas to your attention. Any chance of meeting next Thursday or the following week? Depending on scheduling, I may bring our EVP of Environmental to the meeting.

Stormwater Issues

Location DCRoomARN3500/OPEI

Attachments Stormwater Issues - NAHB Briefing 5.10.17.pdf

Show Time As Busy

Hi.

Would you set this up from Samantha's calendar Please? Thank you.

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

4 Attendees: Tamra Spielvogel, Amy Chai, Eva Birk and Tom Ward

Request: A follow-up conversation to discuss the RRP program. I'm emailing in follow-up to your conversation with Michael Mittelholzer at the NAHB meeting with Administrator Pruitt last week. I know several issues were discussed for additional follow-up during the meeting with the Administrator including the Renovation, Repair and Painting (RRP) Program and stormwater issues which my colleague Eva will be following up with you on in a subsequent message.

Attached is the material you and Michael discussed to provide additional detail regarding NAHB's concerns regarding implementation and evaluation of the RRP program. Specifically I have provided copies of NAHB's comments related to the Section 610 review as well as those NAHB submitted during both public comment periods EPA opened during the review of issues related to the lack of an approved lead test kit. Also, for your information I am including copies of two petitions NAHB has filed with EPA on the RRP program. The most recent was in regards to the changes made to the refresher training course requirements which was denied by the agency in December 2016. The EPA response is also enclosed. I have enclosed the 2010 petition because while the other documents discuss the issues we have with the economic analysis of the rule, it was most comprehensively addressed in this petition on the test kit.

Finally, I was also told you are interested in the report where EPA's cost benefit estimates were called into question. The report was

issued by the EPA Office of the Inspector General. The following link will take you to the OIG page for the report where you can access their findings, the report, as well as the responses exchanged between OIG and EPA on the report.

I would note that one of the commitments made by the EPA to the OIG was to collect better data but they made the commitment to do so in the context of a separate rulemaking (the development of an RRP rule for Public & Commercial Buildings) and that survey is currently underway. NAHB individually and as part of an industry coalition has called into question the efficacy of this effort. While the data may be useful to the residential program collecting it in the context of the Public & Commercial Buildings rule has never seemed appropriate or truly illustrative given a range of other differences between the two rules. Furthermore, the data is being collected prior to establishing a hazard for Public & Commercial Buildings.

Please let me know if you have any questions.—Ben

All,

We're having the briefing tomorrow at 4pm in the New Executive Office Building in 10258. Conference room 10258 is just outside the elevator bay on the 10th floor. There is a meeting scheduled in the conference room just prior to the 4pm meeting, but there is small reception area outside of the conference room where you can wait. Here is the link to the appointment where all attendees should submit their security clearance information. Please do so as soon as possible as we'll need to submit this tomorrow morning so attendees can be cleared into the building.

We may have a call-in number as I imagine that some of the agencies who will be reviewing may not be able to send people over on such short notice. I'll send the call-in info in a later email.

<mailto:jackson.ryan@epa.gov> > Subject: IMF Meeting Request

Dear All,

As part of their ongoing activities, the International Monetary Fund (IMF) conducts periodic information gathering and economic assessments of member countries. Specifically, under Article IV of the IMF's Articles of Agreement, the IMF holds annual discussions with government representatives to discuss the country's economic developments and policies. Typically, IMF limits their inquiry to key economic agencies such as Department of Treasury, Department of Commerce and the U.S. Trade Representative. This year they are expanding the effort to additional agencies, including: EPA, Health and Human Services, Department of Transportation and Department of Energy. I have been requested by the lead agency, Department of Treasury, to represent EPA and pull together a group of experts who can speak to the specific issues provided below.

The IMF has submitted the following topics for discussion (written responses are not requested):

Economic and environmental regulations

* Please share your views on the effectiveness of various EPA programs on environmental safety. How to you see the trade-off with respect to economic costs.

Policy priorities, views, and plans

* What are the main areas for reform (developing and enforcing environmental regulations, grants, research & partnerships, education)?

Please discuss views and plans with respect to:

- federal coal leases and the Stream Protection Rule
- the Clean Power Plan (CPP) targets for emissions of carbon dioxide
- limits on methane emissions and curbs on venting and flaring
- fuel economy and emission standards for cars and trucks; are they too onerous for the automobile industry in the EPA's assessment
- renewable fuel standard for biofuels
- Paris COP21 agreement and plans to ratify the agreement and achieve emission goals.
- * What are your views on introducing a carbon tax and a border adjustment for carbon content of imported goods?

Budget

* Please discuss the potential implication of proposed funding cuts envisaged in the President's budget on EPA's delivery of grants, regulatory enforcement and staffing.

(b)(5) DPP

Please let me who in your office should attend the IMF meeting. EPA's meeting with the IMF will take place on Wednesday, May 31, at 1:00pm, and we will schedule a pre-meeting with you and/or representatives from your office to discuss our approach and general messages.

Thanks,

Jane

All, I wanted to convene the group to discuss next steps. The main item of discussion: I met with Carper's staff this week about their proposed idea to convene a bipartisan negotiation with Senate Rs, Ds, and CA. I want to be sure we are on the same page as to whether we proceed down that path. Thanks.

Hi Mandy,

I wanted to introduce myself and request a meeting with you to discuss the RFS point of obligation issue. I served as the energy and environment person at the White House National Economic Council under President Obama during much of the time when the RFS was being addressed. I fully appreciate the complexity of the issue and sympathize with the difficulty of the issue that you are working on now.

I have long thought that moving the point of obligation was a way to substantially strengthen the program. Doing so would promote the blending of ethanol and reduce the cost by aligning the obligation to blend and the ability to blend. EPA has seemed to acknowledge the theory but has been skeptical with respect to whether there is data to support the theory.

I addressed this issue directly in comments that I filed in the docket recently and have attached to this email. In short, I show that obligated companies that are long are far less likely to blend than obligated parties that are short, and that the best way to promote blending is to adjust the incentives by moving the point of obligation. You can see these point most clearly in Figures 6 and 7 of my comments on pages 26 and 27 of the PDF file.

Without knowing what you are inclined to do, I know that even if you wanted to do this, you would want to be able to fully explain it. I also appreciate that there would be a lot of hard questions that stakeholders might raise. I know where you are because I have been there myself.

I would welcome the opportunity to walk you through my work and explain how I would answer the questions that I am sure you would want answers to if you want to make this change.

I am generally available to come in to meet with you. I can be reached <a href="https://www.amailto:ww

In preparation for the meeting with the International Monetary Fund (IMF) on June 1st, please see below the questions submitted by the IMF,

with an indication of the appropriate EPA office for response.

Questions submitted by the IMF: Economic and environmental regulations * Please share your views on the effectiveness of various EPA programs on environmental safety. How to you see the trade-off with respect to economic costs. (Office of Policy) Policy priorities, views, and plans * What are the main areas for reform (developing and enforcing environmental regulations, grants, research & partnerships, education)? (Office of Policy) Please discuss views and plans with respect to: - federal coal leases and the Stream Protection Rule (Department of Interior issues) - the Clean Power Plan (CPP) targets for emissions of carbon dioxide (Office of Air and Radiation) - limits on methane emissions and curbs on venting and flaring (Office of Air and Radiation) - fuel economy and emission standards for cars and trucks; are they too onerous for the automobile industry in the EPA's assessment (Office of Air and Radiation) - renewable fuel standard for biofuels (Office of Air and Radiation) - Paris COP21 agreement and plans to ratify the agreement and achieve emission goals. (Office of Air and Radiation)

* What are your views on introducing a carbon tax and a border adjustment for carbon content of imported goods? (Office of Air and

Radiation)

Budget

* Please discuss the potential implication of proposed funding cuts envisaged in the President's budget on EPA's delivery of grants, regulatory enforcement and staffing. (Office of the Chief Financial Officer)

Subject: Introduction

Hi Brittany,

It was great to meet you at the Chamber meeting yesterday morning. I really appreciated hearing your perspective on all of the opportunities you and your team have at the agency. As we discussed, I work at Cummins and lead our government relations efforts on energy and environment issues, including truck and engine regulation for fuel efficiency and NOx.

I also mentioned that my colleague, Brian Mormino, was in town for meetings with the White House and your colleagues Ryan and Mandy (cc'd) at EPA to discuss some of these issues. I know we wanted to follow up with Mandy and keep you all in the loop on our discussions with the WH (Mike Catanzarro) regarding potential regulation streamlining and next-tier NOx, and I wanted to see if you might have time for a 30 minute meeting or call with me and Brian to fill you in on discussions.

Point of Obligation

Location 3500 WJCN

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance

located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: On behalf of our client, the Association of American Railroads (AAR https://www.aar.org/), I respectfully request an opportunity to meet with you to discuss the point of obligation under the Renewable Fuels Standard. AAR represents the major freight railroads, which are significant end-users of diesel fuel, and has a unique perspective to offer on this issue.

Subject Meeting with the Brick Industry Association

Location DCRoomARN3500/OPEI

Show Time As Tentative

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: I am writing on behalf of the Brick Industry Association (BIA) to request a meeting with Administrator Pruitt. BIA is a national trade association representing clay brick manufacturers, distributorships, and their suppliers. Two-thirds of all the brick shipped in North American is manufactured by BIA members. In addition, many BIA member companies are family-owned small businesses. Many of BIA's members are subject to a recently-promulgated National Emissions Standard for Hazardous Air Pollutants for Brick Manufacturing (i.e., the "Brick MACT"). BIA has a pending challenge to this rule in the DC Circuit. BIA does not want to discuss the litigation with the Administrator. BIA does hope to discuss with the Administrator the enormous impact that the rule is having on the industry and some of BIA's ideas as to how the rule could be improved and the burden lessened. A group of BIA members will be in Washington, DC, on Thursday, June 15. A meeting that date would be ideal. If that does not work for Administrator Pruitt, we would appreciate any suggested alternative dates.

Subject: RE: AFS - GA FLY-IN AGENDA

Hi Sydney,

There are no ethics concerns with respect to this event. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation are not registered lobbyists or lobbying organizations, therefore the Ethics Pledge is not implicated.

Acceptance of Free Attendance (including a meal)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided on the day of the event is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) that are not open to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Meeting Objective: Our aim is for this meeting to be an introduction to our industry, with a primary focus on ethanol policy and the RFS. In addition, attendees might raise some of the items contained in the attached letter to the Agency re: regulatory relief. This was written in response to an April 20th request from EPA for industry input.

Subject Samantha to Attend the ISRI CEO Meeting (10:00 - 10:30)

Location ISRI: 1250 H Street, NW, Suite 400

Show Time As Busy

ISRI is hosting a briefing for our 10 largest company's senior management (CEO, President) to better understand what is happening in Washington at the Congressional and agency levels. These companies primarily process ferrous (steel) and non-Ferrous (copper, brass, aluminum, etc.) metals. However, ISRI represents companies that process other materials such as plastics, paper, rubber, electronics, and textiles. Background material are attached.

Samantha will plan to join the meeting at 10:00 a.m. and give some overview remarks about EPA's work (5-8 minutes) followed by Qs and As.

The meeting will be held at ISRI's offices at 1250 H Street, NW, Suite 400. Building security will have her name in advance and someone will meet her upon her arrival.

We will have approximately 10-12 company representatives and ISRI officers (tentative list below), 4-5 ISRI staff plus Governor Haley Barbour and 1-2 BGR staff.

It looks like Wednesday, June 21 at 2:00 will work best. Let me know if that works on your end and I will confirm. Will it be just Bob or will others be attending as well? If so, I will need all attendees full names to send to security. Additionally, if you could give a brief overview of the topics to be discussed and send over any materials that we should review beforehand that would be great. Any questions just let me know.

Best,

Request:

I'm GM's lead Republican managing our Federal team – I'm sorry that I don't think we've met in person yet. As you know, GM General Counsel and my boss GMNA VP for Public Policy met with the Administrator in April. I think that Mandy and Brittany were also in the meeting. We were hoping to schedule a meeting with the three of you and some of our technical folks from Detroit next week or the following regarding the fuel economy mid-term review and harmonization of EPA/NHTSA fuel economy standards.

Request:

I am writing to follow up on my invitation to speak to the Class of '85 meeting on June 28, at 12 pm central. As I noted, the meeting will be hosted by one of our members in Maple Grove Minnesota. We would be happy to host you in person, or to set up a video conference from our offices located at 1299 Pennsylvania Ave, NW, Washington, D.C. The Class of '85 is a diverse group of electric generating companies located throughout the country. The Group was originally formed in

1990 following the promulgation of the Clean Air Act amendments. In 2015, a subset of our members formed a work group, known as the Cross-Cutting Issues Group, focused on waste, water, and wildlife issues affecting the electric generating sector. These members have an active interest in the development of electric generating and associated infrastructure. A list of Class of '85 members is attached for your review. We appreciate your consideration of our invitation, and are grateful for the opportunity to hear from EPA about its priorities and ongoing regulatory reform initiative.

Good morning, Robin!

I hope you had a great weekend. Would you please help me set up 30 minutes with Samantha and Brittany next week to discuss the proposed new ADA? I'd like Laura Gentile to join us as well if possible. As far as I can tell, any day next week should be fine.

Thanks, Kevin

Subject Regulatory Reform Meeting with the American Iron and Steel Institute

Location 3528 WJCN

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees:

Mike Long, Cliffs Natural Resources
Patrick Bloom, Cliffs Natural Resources
Tom Miller, Nucor
Todd Young, U. S. Steel
John Stinson, Evraz North America
Tom Wesolowski, Evraz North America
Tom Dower, ArcelorMittal
Julianne Kurdilla, ArcelorMittal
Katie Larson, SSAB Americas
Brett Smith, American Iron and Steel Institute
Colin Carroll, American Iron and Steel Institute
Paul Balserak, American Iron and Steel Institute

Request: I would like to see if several AISI members and I could come in and give you an overview of the environmental issues that are key to the steel industry. Following on Administrator Pruitt's well-received address at our annual meeting last week, I think the timing is ripe for such a discussion. We would greatly appreciate the opportunity to brief you on our issues as you work to prioritize the comments received from your May 15 public information request on regulatory reform. We would also like to learn more about the potential revival of the something like the old Sectors Strategies program.

Hi Mandy-

Hope all is well with you. We were slated to host your boss in a week or so over at our Mercedes-Benz USI plant in Alabama, but unfortunately the scheduling kind of unraveled and it's a no-go. Hopefully we find another date down the road!

Attendance

Organizer

In the meantime, I was wondering if you might have some time to meet with me and my colleague, Bill Craven who handles regulatory affairs? Bill is really the point person here in DC for Mercedes-Benz on all things GHG, Mid-Term Review-related. Was wondering if you have some time over the next week or so for a meeting? I know Bill would like to meet you and give you an update on our views related to GHG/CAFE issues.

Subject: RE: Petition for stay of ozone designations delay action

Below is a summary of the petition. Thanks to Karen Bianco. If you have further questions, please let us know.

Several environmental groups filed a petition with the Administrator on July 5, asking that the Agency immediately stay, pending judicial review, the effectiveness of EPA's extension of the deadline to promulgate initial area designations for the 2015 ozone NAAQS. The petitioners allege that the Agency's decision to delay designations does not comply with Clean Air Act requirements and is irrational. The petitioners present a 4-part analysis of why a stay of the designations delay is warranted, specifically because (1) they are likely to prevail on the merits in an underlying challenge to the designations delay; (2) they will suffer irreparable harm without a stay; (3) a stay will not substantially harm other parties; and (4) the public interest favors a stay.

First, the petitioners state they are likely to prevail on the merits on a challenge to the Agency's 1-year delay of the deadline to make initial area designations because our rationale for delaying designations "is untethered from statutory considerations, unexplained, and baseless." Petitioners argue that the only factors relevant for EPA to justify an extension of the designation deadline relate to information about air quality conditions and areas that contribute to harmful quality, yet EPA did not cite these factors in justifying the delay. Petitioners allege that the factors EPA does cite (ongoing consideration of the 2015 standard, further analysis of background and international contributions to ozone pollution, analysis of exception events demonstrations) do not relate to the statutory standard of having "insufficient information" to proceed with initial area designations. Petitioners also argue that EPA has not explained how the information the Agency has is insufficient to make designations, noting in particular that international transport and background ozone relate to implementation of the standard, not designations, and such lack of explanation makes the delay arbitrary. Petitioners make additional allegations, including that EPA has not explained why it needs a full year delay (as opposed to a shorter delay) and why it cannot make designations for some areas, even if information is insufficient to designate parts of the country (e.g. locations most strongly influence by background ozone).

Second, petitioners explain that they will be irreparably harmed if the delay in designations is not stayed because a delay in designations results in a delay of pollution controls, state planning, and attainment deadlines, all of which will result in myriad adverse health and environmental impacts. Third, petitioners allege that granting a stay will not harm other parties because EPA, states, and industry cannot be cognizably harmed by having to comply with the ozone implementation program Congress enacted. Fourth, petitioners attest that the public interest favors staying the designations delay because EPA has projected (in the rulemaking setting the 2015 ozone NAAQS) that compliance with the 2015 standards

will realize significant health benefits.

The petitioners state that they intend to file a petition for review of our final action in the D.C. Circuit shortly and to seek a stay from the Court, and accordingly ask that we respond to their request by 6:00 p.m. on July 11, regarding whether the Agency will grant their requested stay.

Request:

Follow up on CERCLA/EPCRA litigation regarding CAFOs air emission court decision

(Waterkeeper Alliance, et al. v. EPA, No. 09-1017, April 11, 2017).

One highly pertinent and timely item of which Mandy should be aware is Tuesday's (July 3) DC Circuit's denial of the industry's petition for a rehearing of the court's earlier decision on the agency's EPCRA/CERCLA reporting exemption. The 1-page order is attached for reference.

Subject Meeting with Edward Hild: Exemption of Certain Ocean Shipping Vessels

from Mandatory Fuel Standards

Location DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: Now that Congress has passed the FY 2017 Omnibus Appropriations bill, we have a client — Canada Steamship Lines that is very supportive of report language contained in the Senate Interior portion of the bill asking the EPA to consider exempting certain ocean shipping vessels from mandatory fuel standards that were implemented in January of 2015. We also briefly mentioned the issue to you during our meting and my colleague Terry Heubert and I would greatly appreciate the opportunity to discuss the issue in more detail with you and EPA's approach to the Senate language.

Attendees: Edward Hild, Terry Heubert (also of Buchanan Ingersoll & Rooney) and Richard Currie (Canada Steamship Lines Americas)

Request: My friend and co-author, Oren Cass of the Manhattan Institute, has written far-and-away the best commentaries in recent months on climate, Paris, and the EPA. He has some advice for you on some things to consider as Administrator Pruitt structures his red-blue team approach. Specifically, he wants to urge you that one of the most valuable things you could do is to study the "baselines" that are being used to forecast potential emissions trajectories; this is a huge shortcoming of current science and is being badly mischaracterized/misused. An EPA analysis of it would be hugely valuable. I can't recommend strongly enough that you meet Oren soon Here's his bio https://www.manhattan-institute.org/expert/oren-cass. Hi Aaron-
Thanks for your email. Samantha Dravis the AA for Policy, as well as
Sarah Rees in OP should be part of this discussion. Samantha and I have a
briefing with the administrator that is scheduled to end at 4:30
tomorrow, but we never end those on time. That said, would 5pm work
for a call?

Hey Brittany,

I was wondering if you, Mike and I can have a call on the draft report for Section 2 of EO 13783 that is due at the end of the month at 4:30pm tomorrow. I am not sure who else from EPA should be on the line, but if you can add them to the call, I would greatly appreciate it.

You can call Mike's office at (b) (6) at 4:30, assuming that time works.

Please let me know if you have any questions and if that time works.

Subject Senior Leadership Council Meeting - Day 2

Laity, Jim A. EOP/OMB < James A.

Location WJC-N 3rd Floor, The Green Room

Show Time As Busy

Hi everyone -

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19,

Optional

will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Subject Meeting with Brian Jennings, Executive VP of ACE to Discuss Biofuel

Priorities

Location DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees:

Brian Jennings, Executive Vice President of the American Coalition of Ethanol

Jonathon Lehman, Consultant for the American Coalition for Ethanol. Request: Brian Jennings, executive vice president of ACE, is going to be in town next week. We wanted to touch base and see whether we could pop in and visit with you about ACE biofuel priorities given we were able to connect during the ACE fly-in in March.

I reached out to Mr. Schuette to give me your contact information because I wanted to keep Mr. Pruitt's office in the loop regarding op eds in the Washington Times. The Times will be running a section on energy. When they have asked me to submit an op-ed on the topic of ethanol, they mentioned that they would also be publishing an op-ed from Mr. Pruitt.

Attached is what I have submitted. I suspect that my views are in line with those of Mr. Pruitt, but I wanted to provide him an opportunity to comment on what I wrote. Any comments or suggestions that his office has would be welcome.

Barber, Jr. Chapter Blacks In Government, Inc.

Location 3513A

Show Time As Busy

I hope this email finds you both well and thriving. The purpose of my meeting was two-fold. One is that I want to introduce myself, as an 30 year EPA employee, President of the William D. Barber, Jr., Chapter of Blacks in Government (BIG) here in Headquarters, and share a little history and background about both the organization and the chapter. Also, to share with my goals and objectives for the chapter during my tenure. Second, I want to extend an invitation on behalf of the Chapter, to Samantha to participate in our Agency forum that we have just about every year at the BIG annual training conference. Furthermore, it would be an honor and a pleasure if she would be the keynote speaker for the forum. The Agency forum will be held Tuesday, August 22, 2017, from

9:00am-4:30pm, at the Harrah's Resort and Casino, Atlantic City, NJ. Our theme for this year is "Resiliency In Uncertain Times" (announcement attached). I have prepared a packet to leave with you during our meeting, and I will bring it with me should we get the opportunity to do so. However, I have attached some of what is in the packet for your information and to give you an idea of what the organization is about. Also, here's a link which outlines the organizations goals and objectives, http://www.bignet.org/index.php/about-us/goals-and-objectives.

Finally, if you are able to participate, please do not hesitate to let me know, if not thank you for the opportunity to share BIG with you and hopefully, we can count on your support for future programs and events. Have a great day!

Subject APA Roundtable: Judicial Review

Location 3500 WJCN

Show Time As Busy

Samantha and Brittany have expressed an interest in learning more about the Administrative Procedure Act (APA) in the context of rulemaking. They and Justin Schwab decided to organize a very informal APA Discussion Group or Roundtable for this purpose. The first meeting will focus on Judicial Review and what courts look for in upholding or invalidating a rule or other agency action. At the end of this meeting,

participants will identify the topic for the next Roundtable.

Attachments: I will send attachments to add to the invitation as we get closer to the meeting date.

Subject Meeting w/ Capitol Tax Partners Location 3528 WJCN **Show Time As** Tentative Initial briefing w/ Jake Triolo – Mike Durham of Soap Creek Energy will not be in attendance. Mandy and OP were unable to meet when Mike Durham was in town on initially requested dates of August 8 or 9th. POC: Jake Triolo Capitol Tax Partners 541-729-5707 First off, hope August is going well. Hopefully getting some time off. Anyway, I wanted to follow-up on scheduling a meeting with Mandy. Mike was just here and it was again recommended by a number of Hill staffers that we come over to EPA and run our proposal by Mandy. With that in mind, I just spoke to Mike and he can make himself available the weeks of September 11th and September 18th. Additionally, he can be available September 28-29. Finally, Mike can be available the week of October 2nd. So obviously we have a lot of open times. If something works during any of those 4 weeks let me know? Thank you so much,

Jake Triolo

Hey Dominguez —

I was just giving your contact information by Surya—I know both he and Mandy. Surya indicated you were the best person to go through to schedule a meeting with Mandy.

A few weeks back we were having lunch and chatted a bit about a client we are working with on a tax issue related to coal. I had mentioned to Mandy that I was going to try and bring the client in at some point as we are curious about the EPA's thoughts on the issue.

Anyway, the client is Soap Creek Energy, LLP, a start-up energy company that deals in the development of energy efficient applications for electricity generation from coal. Their CEO, Mike Durham, who is also the chair of the National Coal Council, will be in town on the 8th and 9th and would like to meet with Mandy to discuss alternatives to the carbon capture and storage provisions in the Internal Revenue Code (Section 45Q). A draft copy of the proposal is attached.

We are open on the 8th before 10:30 and anytime after 3PM. On the 9th, we are open anytime before 4PM. Please let me know if any of those times work for Mandy?

Thank you so much, and have a great weekend.

Hey Tate,

I hope all of your trips in August have been going well!

I wanted to loop back with you on Corn Oil 1 after our conversation in Iowa. Could you help schedule a phone call between Corn Oil 1 and Mandy for sometime next week? Devin and I would like to be on the call as well.

Corn Oil 1 is still not understanding why they are being placed in the biointermediary category. It'd be helpful from my end if Mandy (or whoever is the correct person) could loop Devin and I in on the reasoning for labeling them as such before the call.

Thank you SO much for all of your help on this!

Best,

Stephanie

Gents,

We've been doing daily calls with electric sector but today at 11 are doing a call with oil and gas. This will be a very high-level (no company specific matters/spr requests/etc) signals check. You're welcome to listen in if you'd like.

Subject Meeting with Presidents of North America's Building Trades Union and

United Association: Permitting and Construction of Infrastructure

Location DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear

Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: On behalf of the combined 3.5 million members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects that will create union jobs and we maintain an all of the above approach to energy development.

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

We'd like to discuss the "electric pathway," which is a part of the Renewable Fuel Standard that would allow small animal farms, like dairies in Wisconsin and Pennsylvania, to benefit from the generation

and sale RINS. A final rule promulgated three years ago gives EPA significant flexibility to implement the electric pathway by approving applications on a case-by-case basis, but EPA staff have been pushing for yet another rule-making.

BTR Energy is an applicant under the electric pathway, and we're completely unique in our focus on driving value to parts of the animal agricultural industry. We'd like to discuss approving our application and adjusting the 2018 renewable volume obligations to account for the RINs we can currently create. We work with almost two dozen dairy, swine, and cattle farms across the country that would immediately benefit from our program, and our work now has the support of over a dozen members of Congress, including folks like Congressman Chris Collins from NY and Congressmen Mike Gallagher and Sean Duffy from WI.

Approving our application shouldn't be a big lift for EPA staff, in our view. The supply and delivery of the renewable fuel (electricity) is there, and we've done most of the work, as the rule has been in place and inactive for three years (we can discuss that more in the meeting). In that way, the program is extremely efficient: low effort for EPA, high impact on farms that have traditionally been locked out of the RFS.

I've attached a summary document that explains the issue and profiles two of our partners. I've also attached a letter of support one of our partners wrote to their Congressional representatives and an executive summary of BTR Energy.

We've had more than a half dozen meetings with staff in the OTAQ office over the last three years. Last week I had coffee with Ben Hengst, who supports Chris Grundler, the director of OTAQ. Ben suggested we aim to meet with Mandy Gunasekara individually so that we could be candid about our experience.

We also met with Mr. Kell Kelly last week, who agreed that Mandy is the right person.

I hope all that helps. We can provide a lot more context in the meeting.

Request:

Location 3530 WJCN **Show Time As** Tentative

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September 12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind lowa.

This would be primarily more of a "getting to know you" meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

- * Nutrients, the value of manure, and water quality standards.
- * Air Emissions Reporting from livestock farms
- * EPA's NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council

David Preisler, Executive Director, Minnesota Pork

Jill Resler, Chief Operations Officer, Minnesota Pork

Lauren Servick. Director of Communications and Marketing, Minnesota Pork

Jay Moore, President, Minnesota Pork

Greg Boerboom, Vice President, Minnesota Pork

Ben Johnson, Minnesota Pork Ambassador

Discuss HFCs and the SNAP Program

**Location** DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: I'm sure you saw the recent court ruling on HFCs and the SNAP program and I know you are busier than heck, but it really would be beneficial if I could meet with you on this when I am in DC the week of Aug 21. We are already hearing from senior leaders from our appliance manufacturers. Can you meet with me to discuss this? I am not expecting any final decisions from you at this early stage. I just think we need to understand the possible scenarios and possible impacts of each as you weigh your options. I will be meeting with CARB shortly, too. PS - also as a heads up we are discussing the likelihood of some of our CEOs coming to DC in Sept/Oct to meet with a few key Trump Administration leaders, and Administrator Pruitt would hopefully be one of those meetings we would be able to coordinate.

Details on what he wants to ask...

The Economist is producing a long package on deregulation during the Trump administration. The EPA has been perhaps the most active agency when it comes to taking regulatory action. I am hoping to speak with a high-level official who would be able to provide for me:

- \* The progress and pace of deregulatory actions in concrete terms.
- \* Active areas of rulemaking which would have the effect of rescinding Obama-era regulations
- \* The cost-benefit calculations behind these determinations.

We would appreciate detail and granularity on these issues.

DIAL-IN

Host Dial-In: (b) (6)
Leader Code: (b) (6)

Thanks Liz!

Michael Catanzaro will also be on the call, from our end. In terms of run of show, Samantha should walk the surrogates through the action, grounds, and what it all means (the "so-what/major impact" points to be made on TV). The group invited includes energy experts, think tanks, conservative cable TV pundits and columnists.

When you dial-in, you will be greeted by an AT&T operator, who will put all of us in a special queue. We can then hash-out the official run of show before being connected to the larger surrogate group. The AT&T operator will run the Q&A portion of the call after the briefings have been done.

Thank you all for doing this. If you have any questions, please call me at

It is my pleasure to share with you and your team this letter of invitation from the American Coatings Association (ACA) to speak at the Coatings Industry Policy Summit on Wednesday, October 11, 2017 at the Marriott at Metro Center, Washington DC. ACA's member company executives are extremely supportive of the Administration's regulatory reform efforts and will be very interested in hearing your thoughts on this important issue.

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees:

Scott Lewit, Structural Composites, Inc and Compsys, Inc

Mark Ehrlich, Wabash National

John McKnight, NMMA

Andrea Campbell, VanNess Feldman George Cooper, Forbes Tate Partners Jeff Sadosky, Forbes Tate Partners

Request: Earlier this year, our client the National Marine Manufacturers had a very productive meeting with your team at the EPA focused on E15 issues. At that meeting, we also raised an issue regarding something called HFC 134a. NMMA member company Structural Composites is using HFC 134a to produce some extraordinary new products — ultralight weight composite material being used to make boats and truck trailers primarily, but they are hindered by EPA regulatory issues.

Location Conference Call

Show Time As Busy

[Updated Dial-In Number]

On Thursday, Administrator Rao will host a RRO call to discuss agency submissions for the unified agenda and agency regulatory plans for FY 2018. The call will take place from 3:00pm - 3:30pm.

We expect all RROs to be on the call, due to the importance and timeliness of the topics that will be covered. Please respond to this email with an affirmative yes or no about your ability to participate. If you are unable to participate, I will work with you to find a time to de-brief the call. Dial-in information is listed below and a calendar invite will follow. Let me know if you have questions or need further clarification.

Location DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance

located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: I was able to join the Smart Sectors kick-off event yesterday. It really is exciting to see industry and government working together to find solutions to environmental issues. I am located here in DC for The Mosaic Company. We are a U.S. mining and manufacturing company (we mine phosphate and potash to make critical crop nutrients or fertilizer for farmers in the US and around the world) that touches a few sectors. We submitted comments to the EPA earlier this year on regulatory reform. I'd love to come by and give you more info on who we are and what we have been experiencing in the permitting area. If it works to also include the liaison for chemical manufacturing that would be great. My colleague Eileen Stuart will be joining me as well.

Per discussion just now with SD & BB – OGC's edits have been passed on to OAR/sharepoint.

Per an email from Josh Lewis Tuesday, there are a bunch of outstanding edits responding mostly to OMB policy issues.

OP requests that we find a time today or tomorrow for the team on this email to go through the remaining issues (Erik, I'm including you in case OP/Mandy need counsel on the pending litigation, but I understand if you can't make it).

It would be good to close this out tomorrow, which I understand is AS's last day as the OIRA desk officer.

Subject Shell (re: Quad Oa)

Location Call - Conference Line: (b) (6) Passcode: (b) (6)

Show Time As Busy

Rescheduled from Friday, Oct. 27.

Conference Line: (b) (6)

Mandy will open the line

Stephen Fotis (Van Ness Feldman) and Marine Funk (Shell). Potentially one or two Shell officials calling in from Texas.

Mandy and Samantha – I would like to request a meeting with you and Shell regarding air regulatory issues. One important focus of the meeting would be on EPA's upcoming rulemaking to reconsider the final NSPS Subpart OOOOa rule for limiting methane and VOCs from new and modified oil and gas facilities. In addition to me, those attending the meeting on behalf of Shell would include Marnie Funk from the Shell WDC office and Dick Francis or other senior Shell management from Houston. As to timing, we can be flexible and have general availability to meet at your convenience over the next few weeks in October.

Many thanks,

#### Stephen
